INFINITY • Cord Management Kit

PLACING CORD MANAGEMENT KIT

1. Place the Cord Management Tray over the back upper flange of the header. See the illustration above.

2. Secure Cord Management Tray with (2x) #10-24 X 3/4" bolts. The plug strip can then be placed on top of the tray.

Note: Make sure both bolts are fully threaded into the Cord Management Tray.

Cord Management Extrusion shown attached to the back wall of the header.

3. Peel protective backer off tape to apply Cord Management Extrusions where needed. They can be applied along the back inside areas of the uprights and to the back wall of the header areas, as shown above.
